SOUNDPROOFING

SubDude-II™ / SubDude-HT™

USER GUIDE

Thank you for purchasing The **Auralex® SubDude-HT** or **SubDude-II** subwoofer isolation platform.

It's ability to dramatically improve the resolution of your subwoofer is remarkable! By isolating your subwoofer from structural resonances you will experience decreased coloration and increased clarity resulting in a sharper sound image.

- 1 Follow the subwoofer manufacturer's suggestions for the placement of the subwoofer.
- 2 Place the **SubDude-HT** or **SubDude-II**, black velour side up, in the suggested location.
- 3 Place the subwoofer centered on the **SubDude-HT** or **SubDude-II** platform.
