TMS SILENT BRACKETS - MBF

PRODUCT SPECS

Description/Application:

The MBF Betafix adjustable furring clip channel is used to provide adjustment for masonry walls and ceilings. This eliminates the need of shims and extra gasteners and provides for a faster more accurate installation. Once the MBF betafix clip is securely fastened onto the wall or ceiling the furring channel can be snapped into the MBF Betafix clip without the need of any extra fasteners.

Features:

- Eliminates time consuming shimming 4 adjustable locations
- Pre-punched with fixing holes
- 0 – 3/4” adjustment @ 3/16” increments.
- Designed for 25 gauge furring channel.
- US Patent No. 5,720,460

Specifications:
